

JATIN SHUKLA

Noida, Uttar Pradesh | +91-9116237146 | shukla.jeetu2550@gmail.com | LinkedIn | GitHub: github.com/Jatin29AFK | Portfolio

SUMMARY

Senior AI/ML Engineer with ~3 years of experience designing and deploying GenAI, RAG, AI agents, ML models, MLOps workflows, and enterprise automation solutions. Strong hands-on expertise in Python, FastAPI, LangChain, LangGraph, LLM applications, vector search, prompt engineering, Azure, Microsoft 365 Copilot Studio, Power Automate, and cloud AI deployment. Experienced in taking AI initiatives from research and prototyping to production rollout, stakeholder adoption, reporting, and measurable business impact.

SKILLS

GenAI / Agents: LLMs, RAG, AI Agents, Prompt Engineering, LangChain, LangGraph, LlamaIndex, Tool Calling, Human-in-the-Loop AI, Hugging Face, GANs/Diffusion Fundamentals

AI/ML: PyTorch, TensorFlow, Scikit-learn, Deep Learning, Regression, Classification, Feature Engineering, Model Evaluation, Model Lifecycle Management

Engineering / MLOps: Python, FastAPI, Flask, REST APIs, Docker, CI/CD, GitHub, Jupyter, API Integration, Model Serving, Monitoring, SQL

Cloud / Enterprise: Azure, AWS, GCP, Microsoft 365 Copilot Studio, Power Automate, SharePoint, Teams, Vercel, Render, Supabase, SQLite

EXPERIENCE

Senior Engineer - AI/ML | Havells India Ltd., Noida | Mar 2026 - Present

- Architected enterprise GenAI and AI agent solutions across HR, market intelligence, student evaluation, and internal productivity use cases, reducing manual review and research effort by 40%+.
- Built MarketPulse using Microsoft 365 Copilot Studio, Power Automate, SharePoint, and Teams to automate competitor monitoring, validation, Teams alerts, weekly digests, and monthly leadership reports.
- Developed an AI-powered student evaluation platform with FastAPI, Next.js, rubric-based scoring, role-based workflows, analytics dashboards, Azure DevSecOps pipelines, containerization, and scalable architecture.
- Built HireFit-style resume screening workflows with batch resume intake, JD matching, structured fit scoring, resume validation, review stages, email/Power Automate intake, and optional LLM-based analysis.
- Designed agentic workflows with retrieval, memory, prompt orchestration, scoring logic, reviewer layers, and human approval to improve reliability across 4+ enterprise decision areas.

AI/ML Engineer | Havells India Ltd., Noida | Jan 2025 - Feb 2026

- Built PyTorch models for fan performance prediction across air delivery, velocity, and pressure, improving engineering prediction accuracy by 18-22%.
- Developed LED thermal prediction models to estimate heat generation at critical design points, reducing design evaluation turnaround by 35%.
- Engineered a Tri-Branch PointNet inference pipeline with optimized preprocessing and Jupyter deployment, reducing end-to-end inference latency by 35%.
- Built API-driven AI tools using Flask, React, VTK.js, and REST APIs, enabling 30+ engineers to consume model outputs through stakeholder-friendly interfaces and reducing manual analysis dependency.

PROJECTS

AgentFlow - Multi-Agent AI Platform | GitHub

- Built a full-stack multi-agent orchestration platform using FastAPI, LangGraph, LangChain, React, SQLite, Groq/OpenAI, memory retrieval, tool use, reviewer scoring, and human-in-the-loop approval.

Agentic AI Code Review Bot | GitHub

- Designed an 8-agent GitHub PR review system for bugs, security, code quality, test coverage, risk scoring, comment previews, and human-reviewable autofix patch drafts.

Nexora - RAG Knowledge Assistant | GitHub

- Built a RAG assistant for PDFs and web content using source ingestion, chunking, retrieval-first grounded generation, quiz creation, and Supabase/Groq-based AI workflows.

Market Insight AI Agent | GitHub

- Built a LangGraph-powered research agent with FastAPI, Next.js, streaming AI responses, tool calling, grounded data retrieval, dashboarding, and cloud deployment.

EDUCATION

M.Tech, Computer Science and Engineering | National Institute of Technology, Hamirpur | CGPA: 9.15/10 | 2023 - 2025

B.Tech, Chemical Engineering | Institute of Engineering and Technology, Lucknow | CGPA: 7.8/10 | 2018 - 2022
